

December 31, 2025

Karen Ortenzio Byers CPA, Inc.

Dear Client:

Thank you for the opportunity to serve you in the preparation of your 2025 individual income tax returns. This letter is to confirm our understanding of the terms and objectives of our tax services to be provided.

The Internal Revenue Service imposes penalties and interest on taxpayers, and on us as return preparers, for failure to observe due care in reporting for income tax returns. In order to ensure an understanding of our mutual responsibilities, we ask all clients for whom we prepare tax returns to confirm the following arrangements.

We will prepare your federal, state of residency and city of residency individual income tax returns for calendar year 2025. **We will be electronically filing all federal and state returns that qualify as we are required by the taxing agencies.** Your finalized tax packet from us this year will include the following:

1. **A form to sign and mail back to our office, Federal Form 8879.**
2. Any paper forms to file that did not qualify for electronic filing.
3. A complete paper copy of all forms filed, electronically or traditionally.
4. Your original tax documentation.
5. An invoice for our services.

Before your returns will be filed electronically, we must receive the signed form and your payment in full. Signed forms will be returned to you if received without payment.

We are responsible for preparing only the returns listed specifically in this letter. If you have taxable activity in a state or city other than those specifically listed you are responsible for providing our firm with all information necessary to prepare any additional applicable state or local income tax returns as well as informing us of the applicable states or cities.

You acknowledge that you have reported all 2025 income you received including barter, crypto-currency, consumer-to-consumer activity, cash-based revenues and all other income whether received in-person, in-kind or electronically.

If you have derived income from a foreign country, we will use the foreign country income information which you provide to calculate any applicable federal or state foreign tax credit or other affected federal or state income tax items. However, you are responsible for meeting any foreign country income tax or other foreign country reporting requirements.

It is our responsibility to prepare these returns as accurately as possible from the information you provide. It is your responsibility to provide us in a timely manner with all the information necessary for the preparation of complete and accurate income tax returns. If items are not received in a timely manner, it may become necessary to extend your return which we will do when time warrants. An extension of time will be sent into the IRS by us if your return has not been completed by April 1, 2026, and if you have notified us that we are to prepare your returns for the year 2025. **Your notification to us will be fulfilled by sending in a signed copy of this letter by April 1, 2026 either with or without your tax information. We do not file extensions for clients unless specifically requested to do so. An extension is granted to extend the time to file. It is not an extension of time to pay any balance due. If your personal data is not received in our office by 3/1/2026, it will be extended and may not be finished by the first deadline of 4/15/26. If you know you owe or think you owe – PLEASE TELL US!**

It is your responsibility to maintain, in your records, the documentation necessary to support the data used in preparing your tax returns, including but not limited to the auto, travel, entertainment and related expenses and the required documents to support charitable contributions. It is also your responsibility to carefully examine and approve your completed tax returns before signing your form 8879 permitting us to e-file your returns, or if paper filing, before you mail them to the tax authorities. We are not responsible for the disallowances of doubtful deductions or inadequately supported documentation, nor resulting taxes, penalties and interest. We will rely, without further verification, upon information you provide to us from 3rd parties including, but not limited to, W-2's, K-1's, 1099's, 1098's, and receipts and similar items.

Please note that any person or entity subject to the jurisdiction of the United States (includes individuals, corporations, partnerships, trusts, and estates) having a financial interest in, or signature or other authority over, bank accounts, securities, or other financial accounts having an aggregate value exceeding \$10,000 in a foreign country, shall report such a relationship. Although there are some limited exceptions, filing requirements also apply to taxpayers that have direct or indirect control over a foreign or domestic

entity with foreign financial accounts, even if the taxpayer does not have foreign account(s). Failure to disclose the required information to the U.S. Department of the Treasury may result in substantial civil and/or criminal penalties. Such disclosure includes filing Form 8938 with this Form 1040. *If you do not provide our firm with information regarding any interest you may have in a foreign account, we will not be able to prepare any of the required Income Tax related forms, and penalties may be due, for which we have no responsibility. In the absence of such information being provided we will presume you do not have any foreign assets or financial interests and will not file any applicable disclosure forms without separate written authorization.*

If you and/or your entity have a financial interest in any foreign accounts, you are also responsible for filing Form FinCen 114 required by the U.S. Department of the Treasury on or before April 15th of each tax year. US citizens are required to report worldwide income on their US tax return.

In addition, currently the Internal Revenue Service, under IRC §6038 and §6046, requires information reporting if you are an officer, director or shareholder with respect to certain foreign corporations (Form 5471); foreign-owned U.S. corporation or foreign corporation engaged in a U.S. trade or business (Form 5472); U.S. transferor of property to a foreign corporation (Form 926); and, for taxable years beginning after March 18, 2010, if you hold foreign financial assets with an aggregate value exceeding \$50,000 (Form 8938). These code sections describe the information required to be reported on the respective forms, which are due when your income tax return is due, including extensions. Therefore, if you fall into one of the above categories **you** may be required to file one of the above listed forms. Failure to timely file may result in substantial monetary penalties. By your signature below, you accept responsibility for informing us if you believe that you fall into one of the above categories and you agree to provide us with the information necessary to prepare the appropriate form(s). We assume no liability for penalties associated with the failure to file or untimely filing of any of these forms.

Business Owners - When a self-employed taxpayer reduces taxable income through tax deductions there is also a reduction in earned income reported to the Social Security Administration, which could reduce current and future benefits for the taxpayer and his or her dependents. You acknowledge and agree to the current tax reduction and also acknowledge and agree to the potential negative effects on future social security benefits. Additionally, new state laws regarding the collection of sales tax by online sellers require separate registration, collection, filing and payment with many states at very low activity levels. We were not engaged to, nor did we, determine whether individual state sales tax rules apply to your business. Determination of whether an individual state's sales tax rules apply to your activity are your responsibility unless we have a SEPARATE written engagement letter acknowledging our responsibility to determine or apply sales tax rules for an individual state. Failure to register and file with an appropriate state may expose you to severe penalties.

We have enclosed an update questionnaire for you to complete. Please answer all questions and return the update with your year end information. We will not verify the information you give us; however, we may ask for additional clarification as needed on some information. Verification of the information given to us is your responsibility.

In accordance with our firm's current retention policy, we will retain our work papers and your income tax returns for 4 years. However, we do not keep any original client records, so we will return these to you at the completion of the services rendered under this engagement. When records are returned to you, it is your responsibility to retain and protect your records for possible future use, including potential examination by any government or regulatory agencies. We will provide you a copy of the tax returns prepared and if requested in writing a copy of the depreciation schedules. If you should need replacements, we will provide additional copies at our standard copy rates. After 4 years, our work papers and files will no longer be available. Physical deterioration or catastrophic events may shorten the term during which our records will be available. All your original source documentation will be returned to you. It is your responsibility to maintain these records for at least 6 years and some of them permanently.

The privacy policy of this firm is as follows. We collect nonpublic personal information about you from the following sources:

1. Information we receive from you on applications, tax organizers, worksheets, and other documents we use in tax preparation or other financial and related services;
2. Information about your transactions with us, our affiliates, or others.

We do not disclose any nonpublic personal information about our clients or former clients to anyone, except as listed below unless permitted, required or **approved by you in writing.**

1. Requirements to comply with Federal, state or local law,
2. Requirements to comply with National, state or local licensing rules,
3. Information, which you authorize us to disclose by signing this engagement letter, to electronically file your tax returns, when applicable,
4. Information, which you authorize us to disclose by signing this engagement letter, that discloses that you are our client, without disclosure of financial or other personal information.

In the interest of facilitating our services to you, we may communicate by facsimile transmission or send electronic mail over the internet. Such communications may include information that is confidential to you. While we will use our best efforts to keep such

communications secure in accordance with our obligations under applicable law and professional standards, you recognize and accept that we have no control over the unauthorized interception of these communications once they have been sent and consent to our use of these electronic devices during this engagement.

The fees for preparation of income tax returns and projections will be based on a per form fee schedule. Fees for 2025 are expected to be 15% to 30% higher than 2024. The fees for consultation, compliance, and tax advice will be at the standard rates of \$150.00 per hour for CPA services, \$95 per hour for EA services and \$65.00 to \$80.00 per hour for support staff services. We will provide you with a hard copy (paper) of your returns. The fee for an extra copy of your returns will be \$20.00. During the months of February, March and April this fee increases to \$30.00. Due to security issues, we will no longer provide additional copies of your tax returns to any third party. Since we provide you with a hard copy of your return, it is up to you to forward copies to third parties. **Payment for 2025 income tax preparation is due upon receipt by you and before your return will be filed electronically from our office. Signed Federal Form 8879 will be returned to you if received without payment in full**

Payment for the all listed services is due and owed according to the terms listed on the billings received, generally within 15 days of the billing date. We reserve the right to require payment when your returns are picked up or before they will be mailed out to you. We also reserve the right to require pre-payment for services especially when you engage us to prepare LATE returns. Balances unpaid in excess of 30 days from the billing date will be charged interest at a rate of 1% per month or 12% annually. If for any reason we incur collection costs regarding your fee, those costs will be added to the final amount to be collected.

Please be aware that your returns are subject to examination by the taxing authorities. In the event of an audit, you may be requested to produce documents, records, or other evidence to substantiate the items of income and deduction shown on your tax returns. If an examination occurs, we will represent you if you request. However, these additional services are not included in our fee for preparation of your returns. You will be billed at the standard rates at the time these additional services are requested and performed. When claiming deductions for business travel, auto, and meals please also be aware that the IRS does require you to have documentation that shows the who, what, where and when in addition to the actual cost. **For auto deductions you do need a daily record of your business miles along with total miles driven for the year.**

The Internal Revenue Service requires a receipt for all charitable donations. If you do not have a receipt, you cannot claim a charitable deduction on your 2025 income tax returns.

From time to time various third parties may request that we sign, for you, some verification of income, employment or tax filing status. Because we were engaged only to prepare your income tax return, without examination, review, audit or verification, our insurance carriers as well as the state board of accountancy prohibit us from signing any such document and we suggest that you have them send IRS Form 4506 to the IRS to obtain such verification.

Please complete all questionnaires for preparation of individual taxes including all questions on the update questionnaire and the multiple items on the individual tax filing acknowledgement form. Please mark N/A if they do not apply. We will rely without independent verification on the information you have provided on the questionnaires to determine your eligibility for credits, application of penalties and reconciliation of any advance credit payments where applicable.

We appreciate this opportunity to serve you. If you have any questions or need any additional information, please do not hesitate to call. Please sign and date this letter to acknowledge your agreement with and acceptance of your responsibilities and the terms of this engagement. It is our policy to initiate services after we receive the executed engagement letter. In other words, you will not be put on the "TO-DO" list until we receive this signed letter. You must return all questionnaires to have your returns completed.

Sincerely,

Karen Ortenzio Byers, CPA

I have read the above terms of the engagement letter and agree with the terms of this engagement.
